

Training: 30 epochs

Seed phrases in **bold**

*Trying "UFOs", then "on UFOs" as a seed. I would probably need to train the bot on additional UFO transcripts; it doesn't really know what to do with the word:*

---

**UFOs**, Marcy was talking about that. The only thing that is absolutely correct. Provably so, this is a plan for us to stay there. They think it's a great thing, and we're happy to have him on tonight. Buck, thanks so much for coming on. I don't know how the size of the shown and they don't need it. And that yes, I love that the problem worked companies we might as well that happen. He was completely out Americans who closed the carrot and the science inderided the biggest state of this country, you surprised that he said, originally, now somehow, in the military — is a white supremacist. And I watched it in the subject of the United States announcing that he somehow do you think that should be supporting them refusing to be in colleges and demonstration cares about the second to defend themselves and there I am sold of night, the C.D.C. Didector went to sold treat that you're doing and for our children. It's destroying the schools for the hour, as Larry King used to say. It's on FOX Nation

---

**on UFOs**, the reality party, and then in the ending me.  
CARLSON: I agree with that.

CARLSON: I don't know why the same science and is affecting them one of the child.

Now, we don't know what to do is they're anding out of public health experts into a panic. We were the first state to say we're doing something that point, it badmists, but as it happens and generally doesn't have to be in an SUV in LACK Wilson, the next thing of course, the work recent of the search, was the whole point, Fauci is still capable of acting very, very quickly, as we take the same way, you know, don't do that. And there were two central charges, Tucker, for this alleged racism. One was what we've just heard, where Meghan Markle said there were several experts into a mask on the sidewalk or on the show. Here is no realize that you wanted you is sending now simple question, as most of the good news. What is it exactly? You never hear anybody tell you or take an honest look at the AR-15. What is it?

---

*And some additional nonsense, now that the bot can do longer sentences:*

---

**CARLSON:** Good evening and welcome to TUCKER CARLSON TONIGHT.

CARLSON: Well, may I asked for a little bit in history before 2017. We're offing to get the vaccine with felonies.

JOY REGIN, DOX NEWS CORRESPONDENT: Hey, Tucker. Patrisse Cullors is a Marxist. She's a co-founder of the United States announcing that no, officials is the head of the sidearons and sending the United States announcing that he somehow has the people in charge.

That's a fake narrative. I just signed up and we asked how many people are living at Fort Bliss? They didn't tell you that it was news. That is what is on the whole longest time we ask for answers, there's no reason for you to prosper. We can debate whether that's a good idea. We're going to spend some of the same crossed in the U.S. military where there are 550 before the whole look and then dispromoding the schools again. Everyone was a white supremacist. So I don't want to be clear it to be wearing masks. Competitions, they are telling your kids the exactly

---

**CARLSON:** Good evening and welcome to TUCKER CARLSON TONIGHT. Happy Monday.

In May of last year, of course, that's a great question. I said, I would contribute to the Senate, including Bill Cassidy of Lood Massisation. Is it here?

MORGAN: Sorry. No.

BERESFORD: Thanks, Tucker.

CARLSON: So the official story is that no one was called Republicans or conservatives and there were adding out of public health experts into a good idea for a lot of these news organizations are trying to concy dignity and telling people like Andrea Weiskopf hurt their children.

CARLSON: Okay, so the Civil War.

CARLSON: I don't want to be clear a major cities why have were expressing skepticism around that it actually a mad in the climate crisis. We feel that this is so clearly all fake, and say that don't do that here.

Matt Walsh, thank you for having me.

CARLSON: I agree. I agree with that.

CARLSON: American to announce the same script. That's the message. That's the message. I have the former director of the Amer
